

OBJECTIVES

The 14th International Symposium on Eco-Materials Processing and Design (ISEPD 2013), conjugated with China-Japan-Korea A3 Foresight Program Seminar, will be held in Kagoshima City, Japan, on January 15-18, 2013. The purposes of the symposium are to exchange and to discuss the information of science and technology on environmentally friendly materials and systems. In every past symposium, over 300 researchers, engineers and students presented the papers of state-of-the-art. ISEPD 2013 takes the focus on the following topics.

Symposium

A. Materials for energy conversion, solar cell and new energy

B. Photocatalysis and semiconducting materials

C. Processing and design for eco-materials

D. Bio-inspired materials and hybrid materials

E. Porous and nanostructured materials

You are welcomed to enjoy the scientific and technological knowledge and new ideas in beautiful warm Kagoshima.

※ The detailed information is updated on the ISEPD Website: <http://ecp.cen.kagoshima-u.ac.jp/ISEDP2013.pdf>, JTBGMT Website: <https://mice.jtbgmt.com/isepd2013/> (registration, banquet, excursion, abstract submission and accommodation) and Trans Tech Publication Website: <http://www.scientific.net/> (manuscript submission, open access form and offprint order form)

Publication fee of each paper	JPY 10,000	

The information of registration, banquet, excursion, abstract submission and accommodation is available on Website of JTBGMT: <https://mice.jtbgmt.com/isepd2013/>

PUBLICATION

The reviewed manuscripts of ISEPD 2013 will be published in *Materials Science Forum*. The manuscripts can be submitted on Website; <http://www.scientific.net/>. Manuscripts are limited to 6 pages for invited papers and 4 pages for contributed papers. Shorter papers should not be included in the Proceedings. Publication fee of each paper in the Proceedings is JPY 10,000.

IMPORTANT DEADLINE

Abstract submission: June 30, 2012

Manuscripts submission: August 31, 2012

Early registration: September 30, 2012

Submission of revised manuscripts: October 30, 2012

GENERAL CHAIRS

Koichi Niihara, Nagaoka University of Technology, Japan

Kozo Ishizaki, Nagaoka University of Technology, Japan

Soo Wahn Lee, Sun Moon University, Korea

Yubao Li, Sichuan University, China

INTERNATIONAL ADVISORY COMMITTEE (in progress)

Junichi Hojo, Kyushu University, Japan

Yasuo Uchiyama, Nagasaki University, Japan

Junichi Matsushita, Tokai University, Japan

Jian-Feng Yang, Xi'an Jiaotong University, China

Xianhong Wang, Chang Chun Institute of Applied Chemistry, China

Jiang Lei, Beihang University, China

Lian Gao, Shanghai Institute of Ceramics, China

ZhengYi Fu, Wuhan University of Technology, China

Byung Sei Jun, Kyungnam University, Korea

BoYoung Hur, Kyungsang National University, Korea

Hirotsugu Takizawa, Tohoku University, Japan

Somchai Thongtem, Chiang Mai University, Thailand

Liangdeng Yu, Chiang Mai University, Thailand

Supab Choopun, Chiang Mai University, Thailand

Osamu Takai, Nagoya University, Japan

Kuniyuki Kitagawa, Nagoya University, Japan

Chiaki Terashima, Nagoya University, Japan

Jing Sun, Shanghai Institute of Ceramics, China

Sang Chun Lee, Kyungnam University, Korea

Hideo Nakajima, Osaka University, Japan

Chanwon Lee, Kyungnam University, Korea

ACADEMIC COMMITTEE (in progress)

Masaya Matsuoka, Osaka Prefecture University, Japan

Masato Takeuchi, Osaka Prefecture University, Japan

Takamasa Onoki, Osaka Prefecture University, Japan

Tohru Sekino, Tohoku University, Japan

Shu Yin, Tohoku University, Japan

Eiji Tani, AIST, Japan

Yoshihiro Hirata, Kagoshima University, Japan

Tadachika Nakayama, Nagaoka University of Technology, Japan

Takanori Watari, Saga University, Japan

Feng Pan, Tsinghua University, China

Hao Wang, Wuhan University of Technology, China

Zheng Xuebin, Shanghai Institute of Ceramics, China

Hyung Sun Kim, Inha University, Korea
